

## Kyrenia Municipality extended a helping hand to the elderly

The Municipality of Kyrenia took the citizens aged 80 and over who applied to the Social Affairs Branch and who could not go to the hospital, from their homes, to the Kyrenia Akçiçek Hospital for vaccination.

In the statement made by the Municipality of Kyrenia, the first eight citizens over the age of 80 who applied to the Social Affairs Branch of the Municipality were taken from their homes by providing safe conditions with previously disinfected vehicles and

taken to be vaccinated at the Kyrenia Akçiçek Hospital. Citizens accompanied by the Kyrenia Municipality Social Affairs Department staff and Police teams, were then taken back to their homes after being vaccinated.

Kyrenia Municipality Social Affairs

Branch Chief Misli Kadioğlu stated that 30 people, 7 of whom were bedridden, who requested service from the municipality to be taken to the hospital, were taken to the Kyrenia Akçiçek Hospital for vaccination.

# Kyrenia Municipality Covid-19 measures

Mayor Güngördü made statements about the measures and activities taken in the region ...

Kyrenia Municipality, in health and hygiene controls; In food-related businesses, the cleaning of the general work areas, the hygiene and Covid measures taken, the hygiene measures and food safety elements of the employees increased. In addition to the warnings given to businesses to eliminate the detected nonconformities, in the detection of situations that endanger human health in the enterprise; started to impose a penalty for closing down the businesses.

Giving information about the measures and studies taken, Kyrenia Mayor Nidai Güngördü said; "First of all, the decision taken by the Supreme Council of Health has entered into force as of yesterday evening with the decision of the Council of Ministers. With the measures taken in March-April, closures came to the agenda again. One would wish that we would not come to such a point, but the rapid increase, especially in the Kyrenia region, forced the government and the Supreme Council of Health to take this decision. Therefore, I would like to point out that we have discussed the measures taken in the district crisis committee this morning. Kyrenia District Governor Sinan Güneş, myself and the head of police reviewed the decisions one by one, exchanged views on what needs to be done, and we are starting inspections as of

today," he said.

**The Council of Ministers authorised the Kyrenia Municipality to fine Covid-19 in...**

Güngördü said, "In addition to all the rules within the framework of the inspections, today, the Council of Ministers has given the Kyrenia Municipality the authority to impose penalties on Covid-19, as in other municipalities, and we have assigned 9 of our personnel to this issue.

There are some uncertainties in the decisions taken. For example, construction-related activities will continue, DIY stores will be open, take away services will be open until 22:00 and markets will be open until 20:00.

Again, the concept of Market and Off License should be underlined very well in order not to experience the previous discussion. We will pay attention to all of these in our audits" he said.

**Kyrenia Municipality is currently serving with all its staff.**

Kyrenia Municipality, especially from the morning onwards, all employees working in the company, cleaning services, Park Gardens Department, everyone working in auxiliary buildings

and mukhtars will start working until a new assessment on Friday. According to the evaluation that we will make, we can rotate our colleagues. In terms of protecting the departments, we can take this decision in the coming days. At this stage, what I want to say is that I urge everyone to social distancing, to wear a mask and, of course, get away from crowded places.

**We continue to take those who want to be vaccinated to the hospital ...**

The vaccination studies that we have started last week with the members of the Second Spring will continue in this process. Everyone who wants to be vaccinated, we have started to take them to the Dr. Akçicek Hospital. By renting an ambulance, we continue our work on this issue uninterrupted.

**Do not let go of personal precaution....**

It is necessary to keep our personal precautions first by following the rules. When we take our own precautions, we protect ourselves, our family and our children. I wish all our people to be careful and cautious, thank you.

# Kyrenia Municipality extended a helping hand to the elderly

The Municipality of Kyrenia took the citizens aged 80 and over who applied to the Social Affairs Branch and who could not go to the hospital, from their homes, to the Kyrenia Akçicek Hospital for vaccination.

In the statement made by the Municipality of Kyrenia, the first eight citizens over the age of 80 who applied to the Social Affairs Branch of the Municipality were taken from their homes by providing safe conditions with previously disinfected vehicles and taken to be vaccinated at the Kyrenia Akçicek Hospital. Citizens accompanied by the Kyrenia Municipality Social Affairs Department staff and Police teams, were then taken back to their homes after being vaccinated.

Kyrenia Municipality Social Affairs Branch Chief Misli Kadioğlu stated that 30 people, 7 of whom were bedridden, who requested service from the municipality to be taken to the hospital, were taken to the Kyrenia Akçicek Hospital for vaccination.

Kyrenia Mayor Nidai Güngörđü stated that the duties of the municipalities have diversified and the services provided by local governments to the city have gained more importance during the Covid-19 pandemic period, and that they are trying to provide convenience in the current conditions for the elderly and patients in need of care and protection. Güngörđü pointed out the importance of minimising the victimisation that may arise in the vaccine organisation, emphasising that they are always ready for support, the importance of the health of the people and their priorities.

## Covid-19 vaccination procedures were initiated at the Kyrenia Municipality Social Life Center

In the information given by the Kyrenia Municipality; A total of 1515 people were vaccinated in February.

It was stated that those with, over the age of 65 and those aged 55 and over (born in and before 1966), chronic kidney disease (regardless of stage), COPD (including emphysema and chronic bronchitis), heart failure, coronary artery disease, pulmonary hypertension or cardiomyopathies, hematological diseases such as heart diseases, sickle cell, thalassemia, coagulation disorders, Type 2 DM, Covid-19 vaccine can reach the Kyrenia Municipality Social Affairs Branch on 0392 815 15 08 and 0533 870 20 10.

# The inside of the sea was cleaned at the Ancient Harbour

Cleaning teams affiliated with the Kyrenia Municipality eliminated the pollution by cleaning the various wastes that created pollution in the sea at the Kyrenia Ancient Harbor area yesterday morning.

In the statement made by the municipality, the cleaning teams went into the sea today and collected many wastes

(nylon, plastic and glass bottles, wood, etc.). Emphasising that the visitors in the region should be more careful in order to prevent these negativities, the authorities asked the citizens and boat owners in the region to be more sensitive about not polluting the environment for a cleaner environment.

## Tree planting work continues uninterrupted

Kyrenia Municipality carried out afforestation work at the Karaoğlanoğlu Cemetery

According to the information received from the Kyrenia Municipality, the Kyrenia Municipality Park and Gardens teams attended the walking path in Karaoğlanoğlu Cemetery with the participation of Kyrenia Mayor Nidai Güngördü, Regional Headman, Municipal Council Members and their children, Kyrenia Municipality Park and Gardens Department Supervisor Mehmet Atak and the citizens living in the region. It was informed that 100 saplings were planted, mostly olive saplings, in the gaps on the edge of the road and where the cemetery is fenced off.

In his speech, Kyrenia Mayor Nidai Güngördü said, "We aim to provide a breath of fresh air to future generations with the afforestation works carried out. The fact that afforestation works were carried out with intense participation has once again demonstrated the sensitivity shown to nature and the environment". Güngördü also stated that they created awareness while working on afforestation in green areas belonging to the Kyrenia Municipality. He also stated that the support of the local people and children by participating in these activities has given us a special importance to the work, and thanked all the citizens who had contributed.

# Kyrenia Municipality

## is working

## for your health!

Our Municipality continues to do the PCR tests at the Kyrenia Municipality Leymosun Culture House in cooperation with the Ministry of Health during these difficult days and vaccination is done at the Kyrenia Municipality Social Life Center (Old Town Hall). We are working to provide you with more regular, more hygienic and better conditions. Please follow the MASK, DISTANCE and HYGIENE rules for yourself and your loved ones. We wish you healthy days.

**Nidai GÜNGÖRDÜ**  
Mayor of Kyrenia
